

Pratik Dhanave

Agentic AI Architect

i.pratikdhanave@gmail.com · +91 7276469649 · pratikdhanave.com · linkedin.com/in/pratikdhanave · github.com/PratikDhanave

PROFESSIONAL SUMMARY

Agentic AI Architect with 7+ years architecting, building, and running **Agentic AI solutions, autonomous AI workflows**, and **production-grade distributed systems** end-to-end in Python and Go on Kubernetes, GCP, AWS, and Azure. Client-facing tech lead for 15+ enterprise engagements across 5 countries. Hands-on multi-agent orchestration (LangGraph, Google ADK, Microsoft Agent Framework, MCP, CrewAI, AutoGen), LLMs (prompt engineering, RAG architecture, memory management, agent workflows), and vector databases (pgvector, Pinecone, AlloyDB AI).

Authored **Genie** (Go multi-agent financial assistant on the Microsoft Agent Framework) and **Bodh** (MAI-DxO medical AI panel). Core contributor to Google's open-source Spanner Migration Tool — CDC pipelines on Datastream / Pub/Sub / Dataflow. Deep Telecom + Open Banking experience — Bancnet (multi-jurisdiction Middle East compliance), Globe 30K+ TPS engine, Ericsson and AT&T integrations. Led team of 4; mentored 40+ engineers; Google Cloud Next 2022 speaker; GSoC contributor (2017–2018) and mentor (2019–2026). **Open to relocate: Mumbai, Bangalore, Hyderabad, Chennai, Dubai & International** — passport valid through 2028, visa sponsorship ready.

KEY ACHIEVEMENTS

- ★ **Google Cloud Next 2022 Speaker** — "Migrating Monolith Applications into Microservices"
- ★ **Tata Group BigQuery FinOps** — delivered 57% data-warehouse cost reduction
- ★ **GSoC Mentor (2019–2026)** — guided 40+ students on cloud-native and AI-native projects
- ★ **Core Contributor** — Google's Spanner Migration Tool; Genie (c2siorg); Bodh medical AI panel
- ★ **Agentic AI Architecture** — Agentic AI Architect at ClearRoute (2026–present); AI-native core team at Searce (2022–2025)
- ★ **Certifications** — Google Cloud Generative AI Leader; AWS Certified Generative AI Developer – Professional; Ardan Labs Ultimate Go

TECHNICAL SKILLS

Languages	Go · Python · TypeScript · SQL
Cloud / Infra	GCP · AWS · Azure · Kubernetes
GenAI / ML DB	AI Architect · Agentic AI · Multi-Agent Systems · LangGraph · Microsoft Agent Framework · MCP · RAG · Vector
Databases	PostgreSQL · pgvector · Cloud Spanner · BigQuery · MongoDB · Redis
APIs / Protocols	REST · gRPC · GraphQL · OpenTelemetry
Security	Cloud IAM · OAuth 2.0 · JWT · Encryption · Zero-Trust

PROFESSIONAL EXPERIENCE

Agentic AI Architect — ClearRoute

Jul 2026 – Present

- ▶ Architecting production agentic AI systems — multi-agent orchestration, LLM platforms, and autonomous engineering workflows on Azure and GCP (Microsoft Agent Framework, Google ADK, MCP)
- ▶ Establishing patterns for reliable, observable, governed agent workflows — guardrails, durable execution, human-in-the-loop, and evaluation

Senior Software Engineer — Searce (Google Cloud Premier Partner)

Feb 2022 – Oct 2025

- ▶ Led Bancnet Open Banking portal (multi-jurisdiction Middle East) — multi-agent RAG on AlloyDB AI, 7 specialized agents via Google ADK, 37% API latency reduction, automated compliance attestation
- ▶ Architected Tata Group BigQuery FinOps — query refactoring, MERGE redesign, slot-reservation transition delivering **57% cost reduction**; built Optimus (Gemini NL2SQL analyzer)
- ▶ Core contributor to Google's Spanner Migration Tool — streaming CDC pipeline (Datastream → Pub/Sub → Dataflow), ~40% faster migrations, 500+ SQL-dialect conversion engine
- ▶ Designed Globe Telecom **30K+ TPS** transaction engine — led 10 engineers, PCI-aligned flow with <100ms p99, auto-scaling cutting off-peak cost 25%
- ▶ Architected Picnic social backend (**1M+ users**) — led 4-person international team, 47% API latency reduction via protobuf, 80%+ coverage, 60% fewer prod incidents
- ▶ Led Litmus GCP-native IoT platform — serverless ingestion to 10K msg/s, Vertex AI + Edge TPU inference, 20% downtime reduction in pilot plants
- ▶ Client-facing tech lead (SPOC) for 15+ enterprise engagements — 35% faster onboarding, 30% faster deployments; mentored 40+ across 4 cohorts

Specialist Application Developer — Net Connect Pvt Ltd

Jun 2021 – Feb 2022

- ▶ Open-source developer & architect for azure-service-operator and airshipit with Ericsson, AT&T, and Microsoft — CRD-based provisioning with drift detection and auto-reconciliation
- ▶ Integrated OpenTelemetry tracing into the airshipit CI/CD pipeline, reducing manual operations ~30%

Software Developer — CloudCover (Google Cloud Premier Partner)

Oct 2019 – May 2020

- ▶ Bloom (SC Ventures / Standard Chartered) — Terraform-based, policy-driven secure cloud provisioning on AWS/Azure with SOC 2 + ISO 27001 controls; Sentinel framework with 200+ compliance rules
- ▶ Implemented push-to-deploy self-service, cutting onboarding time 20%

Software Developer — SoftCorner

Feb 2016 – Dec 2017

- ▶ Shelter Associates — open-source slum-mapping data platform; Python pipelines processing 50K+ household surveys with geospatial indexing; dashboards cutting municipal reporting from weeks to hours

SELECTED PROJECTS

Genie — Multi-agent Financial Assistant

Author & Lead · Go, Microsoft Agent Framework, Postgres, OpenTelemetry

15 role-specialized agents (supervisor, analyzer, forecaster, anomaly-detector, recommender, llm-auditor). JWT + RBAC, AES-256-GCM, full OTel tracing. Reference implementation for multi-agent coordination.

Bodh — MAI-DxO Medical AI Panel

Author & Lead · Go, Microsoft Agent Framework, FHIR R4, HL7 v2

Virtual physician panel inspired by Microsoft's MAI-DxO. 6+ diagnostic agents, FHIR R4 + HL7 v2 aware, cost-aware diagnostic budget enforcement.

Globe — Telecom/FinTech Transaction Engine

Architect & Tech Lead (10 engineers) · Go, Kafka, Kubernetes

30K+ TPS platform. Idempotent processing, PCI-aligned data protection, dual-layer auth (JWT + API keys), DLQ resilience.

Picnic — Social Network Backend

Architect & Tech Lead (4 engineers) · Go, gRPC, GraphQL, Cloud Spanner

1M+ users, 47% latency reduction via protobuf + service consolidation, 80%+ test coverage, 40% cost reduction.

Bancnet — Open Banking Portal

Architect & Tech Lead · Python, FastAPI, Google ADK, AlloyDB AI

Multi-jurisdiction Middle East compliance. Multi-agent RAG on AlloyDB AI (pgvector), 7 agents, 37% latency reduction, dual-language semantic search (EN/AR) across 15K+ regulations.

Google's Spanner Migration Tool

Core Contributor · Go, Python, Cloud Dataflow

Backend APIs for the Intelligent Schema Assistant; CDC pipelines (Datastream/Pub/Sub/Dataflow); 40–60% post-migration query gains via primary-key design + indexing.

OPEN SOURCE CONTRIBUTIONS

Microsoft Agent Framework (Go)

Merged upstream fixes to Microsoft's official Go Agent Framework runtime — 29 landed in main across the model-provider, workflow, and agent-runtime layers (202 PRs filed), including a nil-update panic in the tool-approval middleware (#472) and a dead reflect-type guard in the workflow route builder (#489), each with a regression test.

Google's Spanner Migration Tool

CDC pipelines for Cloud Spanner migration — schema redesign, latency optimization, minimal-downtime cutover.

azure-service-operator & airshipit

Kubernetes operator for declarative Azure resources (CRD-based provisioning, drift detection, auto-reconciliation) and automated cloud provisioning with OpenTelemetry observability — in collaboration with Ericsson, AT&T, and Microsoft.

gocloud & CX Programming Language

Unified multi-cloud API library (GSoC 2017) and a CX interpreter enhancement — Pratt parser reducing parsing complexity ~30% for deterministic blockchain execution (GSoC 2018).

SPEAKING & COMMUNITY

★ **Google Cloud Next 2022** — speaker on "Migrating Monolith Applications into Microservices"

★ **Google Summer of Code** — contributor (2017–2018), mentor (2019–2026) on cloud-native & AI-native projects

★ **Mentored 40+ engineers** across 4 internship cohorts; ran architecture & AI-engineering brown-bag sessions

CERTIFICATIONS

- ▶ Google Cloud Generative AI Leader — Professional Certificate
- ▶ AWS Certified Generative AI Developer – Professional
- ▶ Ardan Labs — Ultimate Go & Ultimate Services Go

EDUCATION & LANGUAGES

- ▶ **B.E. Information Technology** — Pune Institute of Computer Technology, University of Pune (2015)
- ▶ English (professional) · Hindi (native) · Marathi (native)
